THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.

Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.

The following are among the advantages offered by this Institution:

The Guarantee of a large capital securely invested.

The peculiar Benefits secured by the principle of the Loan Department.

The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.

Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.

Part of the Capital is permanently and securely invested in the United States.

Wives may insure the lives of their husbands for their own and the benefit of their children.

The assent of the Society is not necessary to a transfer of the Policy.

For all practical purposes, this Agency is essentially an American Company, strengthened by a large bona fide Capital safely invested in London; equally available to Americans as to British policy holders. All losses are settled by the New York Board, and paid by Bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any dispute should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.

Medical Examiners fees are paid by the Society.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUING AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion of the various notices through the papers of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the engineers that they will find at present the machine now offered for sale not preceding invention, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham in the year 1791. A like machine was patented in this country to one Kneeler, some few years since, and notably that one put up by Albert Redwards of West Troy, N. Y., and was claimed at the time. I ought to say in justice to the public that fifty eight years experimenting upon these machines, no one in use is of any value for the purpose designed.

I will furnish a Stationary Knife Machine equal to any now in use, or in any offered to the patenting inventor, at the cost of the machine and at the [illegible] Philadelphia."

JAMES G. WILSON,
May 19, 1849. Philadelphia."

I do say that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before that could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I am able to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove, with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border st., East Boston, Mass., or at such other place as may be agreed upon.

UNDER THE NAME AND FIRM OF

RUFUS KING & CO.

OFFICIAL PAPER OF THE CITY.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, Nov. 3, 1851.

California pours over two millions into our streets today—which, however, is hardly an equivalent for the fatuity and indifference which has permitted the defeat of the Whig ticket in that new State. To the Whigs mainly it is due, that California is a State, and especially that she is a *free* State. It is a poor return for the labours and patriotism of the great Whig party of the nation that California should thus turn her back upon her true friends, and associate herself politically with those who resisted her admission as a State, and fought as a party to curse her with slavery.

The tidings by the *Cherokee*, in other respects, are welcome. These lawless vindicators of law, the self-created Vigilance Committee of San Francisco, had abdicated their usurped power, and remitted to the regular tribunals and authority of the law the power so summarily exercised by these volunteers. With all the pleas and they are many—in extenuation of this usurped power, there can be but one opinion among men who look at and grasp the whole subject, as to the danger and unfitness of any such negotiation as this Committee displayed and carried out. The evils of anarchy will cure themselves in a country of free suffrage and free institutions—but the example of laws violated under form of law, and of disregard of those laws formally organized, and instituted by men of position, character and education—is far more widely and durably injurious than any present, yet passing and ephemeral, inconveniences and dangers resulting from a lax administration of justice by the regularly appointed authorities. I rejoice therefore for the sake of freedom and of free institutions, that the great city of the Pacific—San Francisco—has reverted to orderly, regular, and settled government. The accounts are unanimous as to the increasing, rather than decreasing, yield of gold from our Ophir—and what is hardly less important—what may in part explain this increased confidence in the productiveness of the search for gold—is the fact that agriculture attracted and rewarded more agitation, and therefore that the miners will have a more regular, better and more economical supply of the necessaries of life.

This new state of California is one full of interest, and, I may add, of solicitude, for the thoughtful men who have accustomed themselves to consider the future as well as the present, and who duly estimate the mighty and difficult problems to be resolved by this great sister on the shores of the Pacific. The manner of her settlement—the motley character of her denizens—the fierce impulse under which, for the most part, they are gathered together—the distance by land and by water from the seat of the federal Government, and the sway of the federal power—the fact of a very large influx on the sea-board, of Asiatic pagans (the Chinese)—and that other fact, hardly yet noticed publicly, but one nevertheless of grave import—the establishment in the Salt Lake Valley, and along the passes which lead from our Atlantic to our Pacific States, of a brotherhood which, if not Pagans, are held together by a fanaticism, and by customs as subversive of and opposite to Christianity as Paganism itself—I allude of course to the Mormons;—all these facts seem to me of grave import. As to the Chinese, they are generally of an orderly, sober temperament, industrious, and peaceful; and they, it may be assumed, would be so absorbed into or modified by our population as not, in the future, to present any serious cause of solicitude. But the case of the Mormons is far different. They are a fanatical, proselyting, and—what is more favorable to their success—a *persecuted* sect, intolerant of other opinions in proportion to the fierceness with which they insist upon toleration for their own, and maintaining a creed and institutions at war with the common sense, and common convictions of mankind; and the latter subversive of all morals, so far as they depend on the tie of marriage. Their Golden Bible and Polygamy strike at the root of Society and Religion; and possibly the whole sect would, ere this, have melted away, but for the unjustifiable persecution which, both in Illinois and Missouri, they underwent. This made them Martyrs—and Martyrs, in all time, have been the most successful Propagandists. These Mormons then—like the followers of the Mahomedan Prophet—have the unction of persecution—the attraction to the licentious, of polygamy or worse—and faith in the sword.—They are war-like, fanatical, intolerant—and they possess the passes between the East and the West—they are Ishmaelites, with their hand against every one—they have no love for—and no reason of love for—the people, the institutions, the laws, or the faith of the people of the United States—and it *may* turn out that of all the acts of the last Congress, that of constituting a population of Mormons into a Territorial Government, and vesting its chief offices in Mormon leaders, may—the fugitive slave law not excepted—prove the most calamitous to the United States. But of that the future must and will tell.

We are this evening on the eve of our election. Tomorrow will decide the political character of this great state—of other states too—your own included, I believe. Here, we feel more confidence within the past few days, of eventual triumph, because of the awakening of vast portions of the state, to the fallacy and dishonesty of the loco foco professions of friendliness to the Canal policy. Yet the strife will be close and earnest. The so called Union Committee have done and are doing all the mischief they can—but their power is by no means commensurate with their will to stab the Whig party. It is a *Loco Foco* movement in part; a *Webster* movement in part. It is altogether unprincipled—though invoking the highest principle—and so it is now getting to be considered here at home. I earnestly hope for, and truly believe in, Whig success—but of that, you will know the issue by telegraph long before this will reach you.

The Mormon Territory.

In the same mail with the letter of our New York correspondent, a portion of which relates to the error done by Congress in organizing the Utah Territory, comes a despatch from St. Louis, announcing that the United States Secretary, Chief and Associate Justices, and Indian Agent, appointed by Mr. Fillmore, and confirmed by the last Congress, have been obliged to leave their posts by the outrageous conduct of Brigham Young, the Mormon Governor. Also that Young had already squandered the $20,000 appointed by Congress for the public buildings, and had tried to obtain $24,000 more which was in the hands of the Treasurer.

This will prove to be a matter of grave import. Gov. Young will of course, be removed—but whether a better man can be found among the Mormons—and how they will behave under a governor less mad than themselves, are questions for time to decide. We fear there is trouble ahead.

CELEBRATING THE VICTORY.—There was quite a doing in our city, Saturday night, in honor of Mr. FARWELL's election as Governor of Wisconsin. Several mammoth bonfires sent their flame and light up into the sky; Schloemilch's Band poured forth the inspiring strains; Messrs. OGDEN and ARNOLD addressed the gathered multitude in fitting words of encouragement and congratulation; everybody appeared to enjoy the celebration and the cause of it, and there was "a good time generally." A delegation of our Waukesha friends came in by the cars at 8 P. M. and were received and escorted by a procession of our own citizens, to the United States Hotel, where Mr. R. W. WRIGHT, of Waukesha, Capt. MILLER, of Buffalo, and Mr. S. M. BOOTH made short talks in answer to long and loud calls from the crowd.

"Constructive Mileage."

This bugbear is just now exciting the labored commentaries and drawing forth the severest *anathemas* of the whig partizan press throughout the country. They were set on by the New York Tribune, and the design evidently is to manufacture thunder for the next Presidential Campaign.

These dishonest worthies, however, would do well to recollect that a decision against this *liberal feature* was made in 1848 by Mr. Whittlesey, the Comptroller of the Treasury, and that the decision was reversed by Reverdy Johnson, the Whig Attorney General, under whose sanction and authority these drafts are now made.—*Commercial Advertiser.*

The *Commercial* seems to take especial delight in defending luxury abuses, and excusing all forays upon the Treasury for which precedent or "authority" can be pleaded. If a dozen "Whig Attorney Generals" had lent their sanction to "Constructive Mileage" it would be none the less an inexcusable *swindle*. But Mr. REVERDY JOHNSON'S opinion, whether for or against this allowance, *could not have drawn one cent* from the public funds. The *certificate* of the Vice President of the United States, the Presiding Officer of the Senate was indispensable to give vitality to this "bugbear." Without that certificate, not a single Senator could have robbed the exchequer of a dollar for "constructive mileage." Mr. FILLMORE, when Vice President, REFUSED to certify to these accounts. Mr. W. R. KING, his "democratic" successor, proved more complying, and tho' he would not share in the plunder himself, he gave the necessary authority to others to avail themselves of the "liberal feature!"

The *Commercial* pronounces the outcry of the Press and People against this gross wrong, a "bugbear," and treats it all as a mere attempt to manufacture political capital. It is sufficient to say, in answer to this accusation, that the New York *Tribune* and the papers which have followed its lead, in denouncing the Mileage Swindle, have published the names of *all* the Senators, whether Whig or Democrat, who pocketed their share of the plunder, as well as the names of those who refused to participate in the spoil. If the fact, that but *three* Whigs were parties to the robbery, while TWENTY-ONE "Democrats," including *four* prominent Democratic candidates for the Presidency, to wit: HOUSTON, DOUGLAS, DODGE, and WALKER, helped themselves to this illegal and inexcusable "extra allowance," to the tune of THIRTY THOUSAND DOLLARS—if, we say, this incontrovertible and startling FACT is calculated to damage certain Presidential prospects, so much the better for the interests of the People and the future safety of the Treasury. Had the wrong committed by these "potent, grave and reverend" Senators, gone unrebuked, or unpunished, what vigilance would have sufficed to guard the Treasury from the indiscriminate incursions of meaner men?

New York Election.

The Buffalo *Commercial* of Friday, received last night, gives a table of majorities on the State Ticket, which foot up 15,974 whig, and 11,580 loco.

Owing to the defection in the city, there is a doubt as to a portion of the ticket, but a dispatch from Albany says that Messrs. ULLMANN, COOK, FITZHUGH, and FORSYTH are certainly elected. This secures the Canal Board to the whigs.

In the Senate, reports indicate the election of 17 whigs and 15 locos—whig majority two. In the Oswego and Madison District, the whigs lost a Senator by the blundering manner in which the ballots were printed—the Senators name not being upon them.

In the Assembly the whigs have 58, and the locos 41 members—Cattaraugus, Clinton, Delaware, Steuben, Lewis, Alleghany, Queens, St. Lawrence, Ulster, Tompkins, Tioga, to hear from. Sixty-five is a majority of the House.

We think that matters are decidedly looking up in New York.

A Civil Officer.

The *Volkshalle* publishes the following letter, which it states, was found in its box at the Post Office, directed to "Volkshalle, German Newspaper, Milwaukee:"

There is a paper directed to this office, addressed to Casper Hanson, Printed at Milwaukee, it is a dutch paper, i shud Rede the Name thus, Bolts salle, if You Can guess the paper and tell the proprietor that Hanson does Not take it from this office has removed from these parts You will oblige a poore P. M. who does Not Understand Hog Latten.

Yours in trouble,
GEO. DELONG, P. M.

SYLVANIA P. O.
Kenosha Co. Wis.

We think that our readers will agree with us in the opinion that the sooner the Department allows the writer time to attend to the amendment both of his orthography and manners, the better for its own credit.

P. S. Since writing the above, we have received a copy of the above interesting document from the editor of the *Volkshalle*, with the following remark accompanying it:

If the National Administration and its friends in this State would take care to have appointed Postmasters, who know how to spell and orthographize their own English language, rather than to sneer at other citizens' language with such vulgar expressions, and who should conduct themselves as gentlemen, your Adopted Citizens would put a great deal more confidence in the National Administration and in your party's views in general.

Yours respectfully,
A. ROESLER.

Milwaukee, Nov. 8, 1851.

☞ The Madison *Democrat*, in a recent puff of Mr. H. C. HOBART, mentioned the prediction that "without" doubt he will be the Speaker of Assembly, next "winter". The Sheboygan *Mercury* regrets that "circumstances will prevent" Mr. HOBART, from accepting the post tendered by the *Democrat*, but offers a substitute in the person of Mr. J. Mc M. SHAFTER, the whig member elect, who, says the *Mercury*, "has been called upon by a majority of the voters to represent the First Assembly District of Sheboygan County, in the next Legislature, has had experience in the capacity of Speaker of the Legislature in an eastern state, and we cordially recommend him to your support."

"THE GOOD TIME COMING."—The *Wisconsin* is of opinion that the *Sentinel* is especially "obnoxious to the Whig National Administration," and thereupon expresses the reasonable belief that the President will "compel all the Office-holders throughout Wisconsin" to cut ours for some other paper. The *Wisconsin* further rejoices in the hope that "the war must soon commence in this State." This agreeable prospect seems to afford our neighbor a crumb of comfort under his present political afflictions. Far be it from us to destroy the fond illusion.

A COOL OPERATION.—A Yankee firm despatched, on the 2d August last, the bark Stamboul from Boston for Alexandria, Egypt, with a cargo of ice. She arrived October 1st, her frozen water being the first importation of the kind. The Pacha, the High Admiral, and all the distinguished officers of the government, visited the bark and inspected her cargo, and after these, people of all degrees. She was literally crowded while a block of ice remained in her. The entire cargo was purchased by the Government, and was all discharged and stored ashore in forty-eight hours after the vessel's arrival.

REGISTER OF THE TREASURY.—Nathan Sargent has been appointed Register of the U. S. Treasury, in place of Townsend Haines, who has been elected Judge in one of the Pennsylvania districts. Mr. Sargent was nominated by General Taylor for Recorder of the General Land Office, and rejected by the Senate, on the allegation that he had written letters to the New York *Tribune*, abusing prominent Senators.

GOING! GOING!—*Bids for the South.*—BRENHAM offers to extend the Missouri compromise line of 36° 30' to the Pacific.

DALLAS offers an amendment to the Constitution, to give slavery equal rights (!)

DOUGLAS offers "more sugar-growing States"—Cuban or Mexican, or anything else for votes.—Who bids next?

NEW STEAMER.—Messrs. Bidwell & Banta have just completed at Buffalo a new steamer for Capt Gilman Appleby, to be called the *Lady Elgin*.

THE ASSEMBLY

Consists of 66 members in all. We have returns, or reports of their election as follows:

	W.	D.	F. S.
Milwaukee County,	3	4	—
Waukesha,	2	3	—
Kenosha,	1	—	1

St. Croix (prob)	1	—	—
Crawford (prob)	—	1	—
Portage (prob)	—	1	—
	37	21	5

We think the actual result cannot vary far from the above table. If such *be* the result, there will be a Whig majority on joint ballot, over all others. At all events, we think it certain that there will be a majority of Whigs and Free Soilers over the old line "democracy."

The Senate.

The Senate of this state consists of 19 members. Those from the *odd* numbered districts hold over from last year—they are 1 whig, and 9 democrats.

Of the 9 elected last week, the whigs choose those from the 2d, 4th, 8th, 10th, and 12th districts, *five* in all. The remainder are locos. The new Senate will thus stand 6 whigs, 1 free soil, and 12 locos, as follows:

1st Dist., Theodore Conkey, dem.
2d " James S. Alban, whig.
3d " H. A. Wright, dem.
4th " Bertine Pinckney, whig.
5th " Levi Sterling, whig.
6th " J. C. Squires, dem.
7th " S. G. Bugh, dem.
8th " Hiram Rust, whig.
9th " E. B. Dean, dem.
10th " J. Prentiss, whig.
11th " H. G. Turner, dem.
12th " Alva Stewart, whig.
13th " Geo. Hyer, dem.
14th " E. Wakely, dem.
15th " A. Palmer, dem.
16th " J. R. Sharpstein, dem.
17th " S. O. Bennett, freesoil.
18th " D. C. Reed, dem.
19th " F. Huebschmann, dem.

It will be seen that the whigs have elected a *majority* of those chosen this year. Our only regret is that the whole Senate had not been in the canvass, in order that we might have made a clean thing of it.

ADDITIONAL RETURNS.

We find a few additional returns of the election in the country exchanges received by Sunday night's mail.

The Oshkosh *Telegraph* gives the full vote of the town of Winnebago. There is a majority of 370 for Banks. Farwell has 12 majority, Burns and Robinson each 63m., Estabrook 35, Ladd 6 maj.; Blodgett, whig, over Rogers for Assembly 131; Edwards, loco, for Treasurer 121 maj.

Nekimi gives 47 maj. for Bank, Farwell maj.—*Vinland*, Farwell 12 maj.—Lord 6 maj. Burns 12 maj. *Neenah* 118 maj. for Farwell, for Bank 166 maj.

FOND DU LAC CO.—The *Journal* gives some additional figures. The vote will be close for Assembly between Jenkinson, dem., and Donaldson whig. As far as heard from thus far, the towns stand thus on Governor.

	Farwell	Upham
Fond du Lac	204	189
Empire	19	14
Waupun, maj.	66	
Taycheedah	31	58
Byron	57	34
Calumet	11	123
Oakfield	41	38
Ceresco maj.	32	
Rosendale	89	8

CALUMET CO.—Manchester gives Upham 45 majority, and the same vote through the ticket; 13 maj. against Banks.

SHEBOYGAN CO.—Town of *Sheboygan*—Upham 250, Farwell 169—Burns 259 Hughes 160—Robinson 257, Wright 161—Ladd 255, Lord 164—Hobart for Assembly 147, Shafter whig, 274.

Lima—Upham 19, Farwell 31—Hobart 46, Shafter 34.

Holland—Upham 83, Farwell 26—Hobart 51, Shafter 48.

Wilson—Upham, 44 maj.—Shafter, *whig*, 8 maj. for Assembly.

Sheboygan Falls—Upham 99, Farwell 117.

The *Lake Journal*, loco, thus comments on the result, and the "influences" at work in Sheboygan County:

> Whigs, in this town, turned out and worked all through the day of election, who had never been known to do so before. The Whig State Ticket was left to take care of itself, while every effort was directed against our candidate for Member of Assembly and for County Treasurer; more particularly the former. This the result plainly shows: the whig majority on Assemblyman being 126, while that on the Democratic State Ticket is about 100. The result is, that we are beaten by small majorities on Assemblyman and Treasurer. In the second Assembly District, a similar result has been effected, though from different causes. A general system of *bolting* was gone into, there being no less than four candidates in the field. Our candidate for Treasurer is defeated from similar causes.

FOR SALT RIVER.—The Rock County *Badger* comes to us with a formal announcement of the embarcation of the "great Democratic party of Wisconsin," for Salt River. Our friends of the *Badger*, who have secured a state-room for the trip, thus appeal to their contemporary in this city, for directions about the voyage:

> Oh, friend BRYAN, do you know anything about the course and the navigation of this famous stream? Can we get any charts from our whig friends to direct us on our "winding way" to the sources of the Saline River? Good Heavens! have we got to go to that desolate region hitherto peopled chiefly by "rowed up" whigs and blue-light Federalists? And if we go up to those unpleasant diggins, *shall we ever get down again?*—Aid and comfort us, dear Judge, and keep up the fortitude of our admiral, the Don. We have an indistinct recollection of making the voyage once under the same commander, in the capacity of powder-monkey, but our duties were of a nature to prevent our taking any notes by the way, and our stay was so short that we had no chance to see the country.

FRENCH EMIGRANTS.—The first batch of French emigrants for California, to be sent with the produce of the lottery of the ingots of gold, was to sail on the 30th. This consists of 160 persons, and 184 more are expected to leave on the 12th instant.

A CALIFORNIAN DECEASED.—Among the deaths reported by the last steamer, is that of W. A. C. RUGGLES, from Wisconsin. He died of chronic diarrhoea on board the brig Columbus, at sea, Aug. 19th, lat 21° 51, longitude 128.

For the Daily Sentinel.

Defeat of the Demagogues.

Messrs. Eds:

The inquiry is made—what will become of these defeated demagogues—wire pullers—would be political rulers? What will become of them, now that the people have taken matters into their own hands? Look, if you please one moment, and see how these political demagogues have managed to give out our city and county offices here for a few years past. They did not care to whom—but gave them to any one out of whom in future they could, or thought they could, make the most capital for their dear beloved selves.

Well! The Don, the Coon, and the Jenkins, have warning that they can't make political capital in such a course. Where are they, and their associates? Ain't they laid away on the upper shelf where every good citizen can see them!—"Let them lie there"—says the voice of the people, like a voice of thunder. We want hereafter men that have principle—men who will act for the people. It is high time the people should choose their officers. I am rejoiced to see that this fall they have done so, and have succeeded triumphantly—beyond our highest expectations.

Now, Messrs. Editors, I don't want to be lengthy. I am a Democrat dyed in the wool—but when I see such awful recklessness in our leaders, and how they have led us here for a few years past, I must be excused—I can't go it! I am with the people, and our leading Whigs are just about on the same ground—and I am still,

A DEMOCRAT.

PRINTER'S CELEBRATION.

To the Newspaper Publishers of the United States.

The anniversary of the birth-day of Benjamin Franklin will be celebrated by the Printers of the North-west at Detroit. It has been suggested that a copy of every paper now published in the United States be obtained for the occasion. Those from each State to be bound in a volume by themselves and placed upon a table where the supper will be given, and after the celebration, to be handed over to some public library.

Our brethren of the Press will confer a favor by mailing a copy of their Daily and Weekly, directed to the Daily Tribune, Detroit, Michigan, and in return will receive a full account of the proceedings of the day, and a copy of the address on the occasion, by the Hon. John N. Ingersoll, who has been selected as the orator.

GOV. SEWARD'S DETROIT SPEECH.—The Detroit *Free Press*, which is by no means disposed to think too favorably of Senator SEWARD, takes occasion, in the course of a long article, about the Railroad Conspiracy Trial, to speak thus of his speech for the defence:

> William H. Seward, Esq., followed Mr. Van Arman. We are not about to review the effort of Mr. Seward; certainly not to deny its eminent ability. It was a work of many months, and if not squared to the testimony, at least in all points, meets the highest claim that was made upon his ingenuity and his legal acumen.
>
> It was a carefully prepared, clear and delightfully arranged argument. It bears the marks of labor in the heavy and in the light work of the profession; it contains, in appropriate quantities, the dough, the sugar and the spices, and you leave its reading with the impression that its author is no common man.

City Matters.

FIRE!—Shortly before midnight, Sunday, the alarm of fire was sounded for the Fourth Ward. It proved to be in the block of wooden buildings on the corner of Spring and West Water Streets; fire having been set, undoubtedly by design, in the second story, occupied by R. B. CARTER, as a Cabinet Ware-Room, and filled with chairs and other furniture. The crackling of the flames awakened a boy, sleeping on the first floor, who gave the alarm. Assistance was soon at hand; a few pailsful of water, and a dash or two from Number One's pipe, sufficing to extinguish the flames. The damage to the building was inconsiderable; the furniture, however, was injured by fire and water to the amount of some $200 or $300, which is fully covered by insurance. This is the second attempt to fire these buildings, the first one having been made last spring, and both frustrated by the timely discovery of the flames.

HURRY UP! HURRY UP!!—There is perfect unanimity in the minds of all who dwell on, or pass through the streets between Wisconsin and Mason St., from East Water St., to the lake, and parts adjoining, as to the necessity of finishing up the street grades immediately. They have borne the abominable state of things thorough the summer and fall with the most exemplary patience, and now we do hope that the Aldermen will have the work put through. Crowd up the teams, gentlemen!—carry away the sand!—pile on the gravel! smooth down the walks!—and deserve the thanks of the present patient race of people, to say nothing of "coming generations."

COMMON COUNCIL.—The Board held a special meeting of a half hour on Saturday morning to complete certain unfinished business. They adopted a resolution to issue $2100 in Fire Loan Bonds, having 10 years to run, at 10 per ct. interest; the same to be used for payment of contracts for building Engine House, and for interest on bonds now due.

Sundry accounts were also passed, and the Board adjourned to Thursday after-noon of this week.

COURSE OF LECTURES.—Prof. BUCK, of the Collegiate Institute, commences this evening a course of lectures, which will prove of great interest, as well as profit to those who will make it convenient to attend. See Advertisement.

HOSE CO.—The election on Saturday night resulted in the choice of JOHN C. STARKWEATHER, as foreman; JOHN E. COWLES, Assistant do; R. LEGGETT, Secretary, and JAS. B. ALLEN, Steward.

BOSTON PROPELLER.—S. S. LEWIS.—The new Boston propeller steamship would have made a fine trip out, but for the loss of her propeller. She made the run to within 85 miles of Cape Clear in 10 days.

NEW YORK ELECTION.—A despatch to the Ohio State *Jour.* says there are 17 Whig Senators and 12 Democrats elected—3 doubtful. Assembly, as far as ascertained, stands 52 Whigs, 40 Democrats and 27 doubtful.

BETTER TIME.—The last trip of the New York and Havre steamer *Franklin* was made in ten and a half days from Southampton to New York. The trip is 80 miles longer than from Liverpool to New York.

☞ It is estimated that over one hundred thousand stoves were made in Albany, last year, and that full one hundred and twenty thousand will have been made this year.

NEW YORK CITY ELECTION.—The Whigs, it is now said, carry three out of the four State Senators from the city. Mr. McMurray, from the lower district, is the only loco elected.

The Arctic Expedition.

In the Times of Monday last we gave an account of the discovery of a balloon near Gloucester, with an inscription purporting that it was sent from Sir John Franklin's expedition as lately as Sept. 3, 1851, stating that the *Erebus* was then blocked in. The London Times gives the following additional particulars, contained in a letter from a correspondent:

"The correctness of the statement which appeared in the Times of last Saturday, in reference to the balloon which fell at Wotton, having been impugned in various quarters, I have paid another visit to the spot, and, from inquiries made at the house of Mrs. Russell, (in whose garden it fell)—inquiries both of the lady of the household and the servant who picked up the balloon—there can be no doubt that the statement made in the Times of last Saturday, is true in every fact brought forward. The following statement of the man servant (whose name is Edward Edmunds) was made yesterday to me: 'About 1½ o'clock on Sunday afternoon, the 5th inst., I was waiting at table on the ladies in the dining-room, and had just been out of the room, when, on my return, Mrs. Russell said, "Run out; there is a balloon in the garden;" and she pointed it out to me through the window. I ran out, and saw a small balloon, about two feet high, and of the usual shape of air balloons; it was partly resting against some iron palings in the garden. Before I could get to it, it began to rise again, and floated along just out of my reach for a few yards, but I jumped up and caught at a card which was hanging by a string from the balloon, and thus obtained possession of it. The balloon was of a dingy red and white color, and the card was about the size of a moderate sized envelope. The card bore this inscription:

Erebus, 122 W. Long.
71 deg. N. lat.
September 3, 1851.
Blocked in.'

"The balloon was full of gas, and was sufficiently buoyant, although the gas was very gradually escaping when brought into the house, to maintain its erect position for the rest of the evening, during which it remained in the dining-room. It was afterwards taken out on account of the offensive smell of the gas. I believe Mrs. Russell wrote to London about it on the next day Monday, and on the Tuesday a telegraphic message, requiring the balloon to be sent to London, was received, and it was accordingly sent to town.—On Thursday, I think it was Captain Beechey and another gentleman, whose name I do not remember, came to Wotton-lodge to make inquiries about it. They questioned me, and I told them what I knew. They also spoke to the ladies. On Friday the gentleman whose name I do not know came again and examined the premises; and on Saturday he came again for the third time. I asked him if it was a Government balloon, and he said he understood it was a Government balloon, but that he had not seen it. I have heard, since he was here, that some one saw the balloon pass over Southgate-street on the Sunday. I was also told that Capt. Beechey had said that it was a Government balloon.

"Southgate-street, it should be explained, is one of the principal streets at the south extremity of the city. Wotton-lodge being in the north suburbs; and the balloon must therefore have passed over the greater portion of the city before it dropped at Wotton-lodge. Just as the second Admiralty officer was leaving the Glocester Railway station for London, on Saturday or Monday evening, it was communicated to him that Mr. Edwards, an engineer on the South Wales Railway, had seen the balloon passing over the neighborhood of Southgate-street. Up to this time the officer was not aware of the fact that the balloon had been seen by any persons except those located at Wotton lodge.

"The great question, however, is whether the balloon so found is a Government balloon or of a description which anybody inclined to perpetrate a wicked hoax might procure for money at the shops. It seems that the Secretary of the Admiralty, in a letter to one of the evening papers, repudiates the idea of its being a Government balloon, but the opinion of Capt. Beechey is different, according to the statements made by him to Mrs. Russell and her daughter. Mrs. Russell corroborates the statement of her servant Edmunds in all the main points, and further she states that she certainly was told, either by Captain Beechey or the other officer of the Admiralty, she thinks it was the former, that the balloon was a Government balloon, similar to what had been sent out in the Arctic vessels."

PHILLIPS' FIRE ANNIHILATOR.—One thousand of these machines have been completed by Messrs. Stillman, Allen & Co., of the Novelty Works, and are now being removed into our office; and that house is prepared to manufacture 500 to 1000 machines per day. It is found, however, upon trial, that our chemical charges require several weeks to become as dry and perfect as the English charges, our charges now weighing 3 pounds more than the English of the same size, owing to the *dampness* of the former, which must be removed.

We find upon trial that the English charges placed in our machines are perfectly effective, and as the American Company have determined from the beginning, that their manufacture should not leave their hands until it was as perfect as the English, this additional delay seems unavoidable.

The members of this company embrace many gentlemen whose responsibility and integrity are undoubted. These gentlemen did not risk their reputation nor their money in this enterprise, until they had thoroughly investigated its claims, personally in this country, and through their Agents in England, and they never have taken, and never will take, a shilling for machines or territorial rights, without binding themselves, (as I also do myself, personally and on my own responsibility,) to *refund* every farthing received by us, if the public demonstration or test is not perfectly successful.

We regret the delay as much as any person can, but knowing that it is unavoidable, we shall try to exercise patience a little longer, and trust the public will do likewise.

Due notice will be given of the public test or demonstration, which shall be at as early a day as possible.

We received, by brig Gulnare, at Charleston, the subjoined note from Mr. Owen. We comply with what we suppose to be his wish (its publication) with pleasure, and we doubt not the public will accord to him the favor he asks:

HAVANA, October 20.

To the editors of the Savannah Republican:

GENTLEMEN: I have no official information of my recall, but the fact is announced in the papers of New Orleans and New York. I must request that you will do me the favor to ask that the public shall not judge me till they shall hear me fully. I ask nothing from their mercy; but I have a right to justice.

Very respectfully, &c.,

"WISCONSIN FOREVER"!—The Detroit *Advertiser* thus announces the intelligence from this State:—

TWO FIXED FACTS.—WISCONSIN FOREVER.—We received yesterday a telegraphic dispatch from Milwaukee, through Speed's line to the following effect:

"We have elected Farwell, by two thousand majority, and a whig majority in the Legislature, hurrah!! glory enough!!" Two facts are therefore ascertained; Wisconsin is whig, and Gray, of the Cleveland *Plaindealer is a heathen!* He said on Tuesday "if Wisconsin does not go democratic, we are no Christian."

From the St. Louis Republican Nov. 5.

LEXINGTON INSURANCE CO.—We have been informed by the agent of this Company in this city that he has just received a Telegraphic dispatch, dated Nov. 3rd as follows:

"We have been compelled to stop and make an assignment. You will notify all your creditors of the fact.

THOS. B. BAXTER, Sec'y.

REASONABLE.—A Book-seller in this city, received a circular last week, from a New York clothes dealer, containing his business advertisment, *postage unpaid*. Three days afterwards, the same person received a private letter from the same source, apologising for his want of courtesy in not paying postage on the circular; this letter was also *unpaid*. The Book-seller replied to the second letter, and enclosing four post office stamps, requested his new correspondent to *"paste one of them upon each of his future communications, whether of business, or apology!"*—*Detroit Adv.*

The Election.

A private despatch from New York, received this afternoon, at 3 o'clock, says:

"The Democratic Union Safety candidates have about three thousand majority in the city, and the others about 400 Whig." Result doubtful.

NEW YORK, Nov. 6.

Two failures—one in the dry good business, were rumored yesterday.

Messrs. Rank, Brook, and Replin, a heavy firm in Philadelphia, have failed. Liabilities not stated.

Mr. A. J. Richardson, a sugar speculator of Boston has suspended. His liabilities are about $150,000.

A despatch received from Baltimore at noon, to-day, states that the returns indicate that the entire democratic city ticket is elected; and that the democratic State ticket will go out of the city with about 2000 maj.

NEW ORLEANS, Nov. 5.

Returns from the third and fourth Districts are contradictory, but it is supposed that Alexander G. Pierce and Isaac E. Morse are elected to Congress.

COMMERCIAL.

THE MARKETS.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, November 11, 1851.

The election has occupied the attention of everybody during the past week, almost to the exclusion of everything else. Receipts of grain and flour have been very moderate, and prices show no change.

FLOUR.—We quote country from spring wheat, at 2 00@2 50, common to good country and city 2 50@3 25; good to extra do 3 50@4 00. 1600 bbls. shipped.

WHEAT.—Receipts fall short of 6000 bus. We note no change in prices. Millers pay 63@65c for best qualities for milling, and rates vary below those figures, according to quality—3820 bus. shipped.

BARLEY.—Prices remain at 38@40c—shipments of 16,380 bush.

OATS selling at 16c.

BEEF—Cattle taken readily at 3 00@3 50—supply fair.

PORK—Receipts of hogs increasing—4 25@4 50 paid generally, choice lots selling at 4 75. Mess worth per barrel, $14 00.

SALT—Large receipts during the week—sales at 1 63@1 75 per bbl. 15½c per sack.

HIDES—No change—we continue our quotations of last week, 3½c for green, 9c for dry, &c.

Specie Coinage.

The following statement shows the aggregate operations of the U. S. Mint at Philadelphia, for the month of October:

From California	$4,670,000
From other sources	75,000
	$4,745,000
Silver bullion deposited in same time	21,500

DIFFERENCE VS. THE NEW YORK ROUTE TO THE EAST.—Statistical tables, prepared by the New York State Engineer, and embodied in his last report to the Legislature, show that flour can be taken from Detroit to Boston, by way of Ogdensburg, for less than to New York by Canal. The rates are thus stated:

Detroit to Ogdensburg,	30 cents.
Ogdensburg to Boston,	33 "
Total,	63 "

BY THE ERIE CANAL TO NEW YORK.

Detroit to Buffalo,	12 cents.
Buffalo to Albany,	54 "
Hudson River,	10 "
Total,	76 "

BY THE ERIE RAILROAD.

Detroit to Dunkirk,	12 cents.
Dunkirk to Piermont,	38 "
Piermont to New York,	5 "
Total,	55 "

BY THE CENTRAL RAILROADS.

Detroit to Buffalo,	12 cents.
Buffalo to Albany,	28 "
Hudson River,	10 "
Total,	50 "

These statements show that if the State of New York continues to draw revenue from the Canal, it must be enlarged, or Railroads can compete with it, and seriously injure its business.

☞ Propeller ST. JOSEPH, which was reported ashore near Thunder Bay Islands, arrived here on Sunday, minus a large portion of her cargo. She was obliged to throw overboard 75 or 100 tons merchandize to get off, and much of the remainder is in a damaged condition. The loss must be heavy, but is, we presume, covered by insurance.

IMPORTANT TO THOSE HOLDING LIENS ON STEAMBOATS.—In the case of Roads vs. The Julius D. Morton, in the Supreme Court of Cleveland, Judge Andrews presiding, it appeared that the boat being legally indebted to parties residing in Buffalo and Ohio, towards the close of the season of 1848, she was taken to Chicago and sold under process of the U. S. Court, and bid in at $900, during the winter, without the knowledge of the plaintiff, and evidently for the purpose of discharging liens on her. The Court held the sale to be a bar to all liens, and that the purchaser held the boat free from all former liabilities.—Cleveland True Democrat.

November 7.

THE LADY ELGIN.—This is the name of Capt. APPLEBY'S new steamer, just completed, and which took her place at the dock yesterday, and is loading for the Upper Lakes.—Her dimensions are as follows: Length 265 feet; breadth of beam 33 feet; depth of hold 13 feet, and measures 1200 tons—low pressure beam engine of 350 horse power. Bidwell, Banta & Co., builders. She is a fine model, and has great capacity for stowing freight. She leaves this evening for Chicago. Success to her.

☞ The schooner CALEDONIA went ashore at Port Burwell, Canada, last Sunday, and is a total wreck.—Buff. Ex.

The schooner PILOT, Capt. PRATT, from Chicago, with a cargo of grain, having shipped considerable water, entered protest, but it is thought the cargo is not damaged.—Buff. Commercial.

THE TAIL OF THE COMET

IS forty degrees in length, but so thin in substance that stars are visible through it. The marvellous tales of some nostrum-mongers are nearly as long, and quite as easily seen through.

The actual cures performed by the article, wherever it is introduced, is the basis upon which the reputation of this remedy is founded, as the hundreds of certificates of renewed hopes, health, and life, that are continually flowing in upon him, will prove.

TELEGRAPH ITEMS.

Maryland Election.

Our despatches this morning from Baltimore bring later returns of the election in the city, though they are not yet complete. They are enough to show that the whole democratic delegate ticket is elected by 1200 to 1500. All the democratic city candidates are elected by majorities varying from 500 to 2,500.

The Democratic Comptroller has not over 500, while the Democratic Lottery Commissioner and Commissioner of the Land Office has nearly 3000 and [illegible] 23 delegates to the Legislature, of whom 21 are Democrats, and 3 Whigs are elected, being a gain of 12 thus far. The House however is still considered doubtful. The Senate is Whig sure—10 Whigs and 4 Democrats hold over.

Boston, Oct. 7.

The meeting of the National Democrats last night at Faneuil Hall was very well attended.—John W. James presided, and speeches were made by Mr. Taylor of R. I. and others.

The nomination of B. F. Hallett as delegate to the Baltimore Convention was confirmed by acclamation, as was also the coalition nominations for State offices.

New York, Nov. 7—2 P. M.

Kings Co.—Patterson's whig majority is 48—Ullman's do 1161.

Queens Co.—Wright's dem. majority 350—Chatfield's do 350.

Suffolk Co. (Estimated) Wright 500 majority. Chatfield 500 maj.

In Kings county the average whig majority on State ticket is 500.

In Queens county the democrats have an average majority of 350. In Suffolk of about 500.—Kings sends one whig Assemblyman and two democrats.

Queens and Suffolk send one democrat.

It is stated in the morning *Tribune* that two Hungarian officers, feeling themselves personally aggrieved at some remarks on Kossuth, recently published in the *Herald*, entered the office of that journal yesterday, and flung down the glove to the editor, defying him to mortal combat. The invitation was declined.

Albany, Nov. 6—9 1/2 P. M.

From best advices we foot up thus; Ullmann goes into Delaware with 2851, Cook 2900, Seymour 1765, Fitzhugh 4000, Patterson 1179, Forsyth 1411. Our best advices allow us to hope for part of the State Ticket.

Senate and Assembly, Whigs have the best chance.

Accounts from Nova Scotia to the 26th Oct. state, that the steamer Commodore, plying between St. Johns and Digby, was reported to be lost with all on board.

New York, Nov. 1.

The Courier of this morning gives the proceedings of the Cotton Planters' Convention, held at Macon, Ga., on Thursday. The famous Florida scheme for a Planters' association, to control the sales and prices of cotton, met with but little favor from the delegates. A resolution, however, proposing the establishment of a direct trade between the South and the continent of Europe, passed unanimously. The Convention is pronounced on the whole to have been a failure.

New York, Nov. 6.

The Cherokee sailed this afternoon for Chagres with 300 pass.

The Prometheus arrived this morning from San Juan, via Havana, with 500 passengers, who have $600,000 in gold dust. The Prometheus left San Juan October 26th, and Havana November 1st.

By the Prometheus we have the San Francisco Herald of the 4th October, which mentions a report that Judges Parsons, of the District Court, Mr. Lake, of San Francisco, is named as the probable successor of Judge Parsons.

The Herald says the assets of Messrs. Wells & Co. will amply secure the depositors, but that the report is not so satisfactory as relates to bills of exchange drawn by the house.

Several of the sailors who composed the late Arctic expedition, were this morning presented with Medals and small sums of money on board the Carolina. Mr. Grinnell and many other gentlemen, were present.

New York Election.

New York, Nov. 6.

The Express of this P. M., says the Democratic party have the Common Council of the city, principally in consequence of division among the whigs as in the Ninth and other Wards. The Temperance ticket damaged the Whigs by subtracting from the Whig strength, in some cases to throw away votes, and in others, by voting the Democratic ticket directly.

The Democratic majority on the State ticket is about 1,000; they have also elected Mr. McMurray to the Senate from the Third district.

The Whigs have elected Messrs Beekman, Newcomb, and Morgan, from the Fourth, Fifth and Sixth Districts. The Democrats have elected Mr. Dyckman over Anderson, Whig, for Register; and there are probabilities of electing Tillou in place of Talmadge, as Recorder; also of the entire Democratic ticket.

Williamsburgh Election.—A. J. Berry, Democrat, is elected Mayor over Mr. Houghton, by a majority of 171.

For Common Council the law and order ticket prevails—in the two first districts being a selection of two from each ticket.

In the Third District, the whole Democratic ticket is elected except Assessor. In the two former Districts, the law and order nominations for City officers, except the Mayor, being a selection from each ticket, is also said to have been successful.

The Whigs will have the Common Council, by two majority.

Vanderbilt, Democrat for Senator, is supposed elected by 2000 majority.

King's county—Vote of Brooklyn and Bushwick—Whig State ticket, averages from 300 to 600 majority.

Richmond county—Whig State ticket averages 260 majority.

Mississippi Election.

Jackson, Miss., 4.

The Election in this State is progressing with much spirit. The Union men are highly elated with their prospective success, and in almost every District they are polling an immense vote.

Gen. Foote, for Governor, is sweeping every thing before him, and it is confidently predicted he will carry the State by over 20,000 majority. In the First Dist. for Congress, D. B. Nabors; in the Third, John D. Freeman, and the Fourth, A. B. Dawson—all Union men, and will undoubtedly be elected by handsome majorities. In the Third District however, McWillie, secessionist, is polling a very heavy vote.

From the San Francisco Herald.

Nicaragua.

There have been some political disturbances in the State, and the whole country appears to be in a state of revolution.

We have received the first number of the first newspaper ever published in the English language in Central America. It is called the "American Flag," and is edited by an "association of gentlemen." It is dated Granada, Central America, July 26, 1851. We proceed to take some extracts from it:

"There are, we suppose, some, some 300 or more Americans and other foreigners at present residing in the State of Nicaragua. Most of them are engaged in business, commercial or agricultural.—Their number will be greatly increased in a few months.

There is not a saw-mill in operation by water power in Nicaragua. Suitable locations for mill seats may be found on the San Juan, with timber in the greatest abundance near by. Lumber commands a good price here, and a large quantity will soon be required. A chance for a speculation certainly.

The Flag says that Granada is a city of about 15000 inhabitants, the larger portion of whom are children; and contains several churches and colleges.

San Juan del Norte is represented as a thriving place.

The Flag says that the constitution of Nicaragua is very liberal towards foreigners, and says the people are kind and hospitable. The government consists of a Supreme Director, elected by the people bi-annually, and the Legislative Chambers, consisting of a Senate and house of Representatives—the former elected for two years, the latter for one. The Senate is composed of eight members, and the House, of ten.

Leon is the capital of the State, where the principal officers reside. The cabinet now consists of the following persons:

Don José Laureano Pineda, Supreme Director; Don Francisco Castellon, Secretary of Foreign Affairs; Dr. Jesus de la Roche, Secretary of Finance; Col. Francisco Dias Zapata, Secretary of War.

Nicaragua is divided into five departments—Leon, Rivas, Granada, New Segovia, and Matagalpa. The Supreme Director is a citizen of Rivas, and is represented to be a gentleman of great energy of character, warm and generous and high moral worth. Much good is expected of his administration. The Secretary of Foreign affairs is the accomplished minister, who formerly represented his government at the courts of London and Brussels. The other members of the Cabinet are spoken of as liberal and intelligent statesmen.

Scarcely had the Flag given all this information before the above named, no doubt very worthy gentlemen, were forcibly ejected from office.

The American citizens of Granada celebrated the 4th of July with great spirit and enthusiasm. A salute was fired, and a dinner eaten, at which about thirty citizens of the country were guests.

A number of volunteer speeches, says the flag, were given on the occasion, "the Nicaraguans participating largely and enjoying to its full extent the spirit of American liberty, which on that day found an echo in the central regions of the continent. The festivity was kept up with the utmost hilarity until half past eleven, P. M."

Hon. John B. Kerr, U. S. Charge des Affairs, arrived in Granada, on the 9th of July, and was most warmly received by his countrymen, and the authorities of the city.

Instance of Personal Liability.—Our readers may have seen in late foreign intelligence, notice of the failure of the Monmouthshire and Glamorganshire Joint Stock Bank. It turns out to be a very bad affair. Its original capital of $1,000,000 is all gone, and some $2,500,000 will have to be raised by the shareholders—every one of whom, to the number of 272, is personally liable to the full extent of his property—to meet further liabilities. This failure gives some of the newspapers there the pretext for preaching up the "evil effect of the law of liability;" and they predict that Parliament will make the subject a matter of discussion at its next session.

Among the shareholders who are liable in the present instance, to the amount of all they possess, are said to be Dr. Ullathorne, the Roman Catholic Bishop of Clifton, and Cardinal Wiseman. It is understood, sold his shares about eight months ago, but in such cases the legal liability upon them does not cease until after the expiration of a year.

Important from Utah Territory—Strange proceedings of Governor Young.—The mail from the Salt Lake arrived at Independence, Missouri on the 30th of October.

B. O. Harris, Secretary of Utah Territory; G. K. Brandenburg, Chief Justice; P. E. Brocchus, Associate; H. R. Day, Indian Agent; and Messrs. Silen and Young, are expected to arrive here soon, they having been forced to leave the Territory in consequence of the seditious sentiments of Brigham Young, the Gov.

The twenty thousand dollars appropriated by Congress had been squandered by Young, who had also made an attempt to take $24,000 from the Secretary. The Secretary refused to comply with the Governor's requisition, in which course he was afterwards sustained by an injunction from the Court.

Avoiding Chagres.—The New York Commercial Advertiser understands that the next steamer of the U. S. Mail Steamship Company, hence for the Isthmus, will avoid Chagres, and proceed direct to Navy Bay, the Panama railroad being completed, and cars running by steam from that point to Gatune. This will be a great relief to persons bound for California. A viler hole than Chagres cannot be found on the Continent.—*Alb. Register*

Unfortunate Accident.—A hand employed on the steamer Arctic, was so severely injured between the boat and the pier at New Buffalo, on Tuesday evening last, that he is now in the hospital in this city. His name, as we are informed, is Reynolds.—*Chicago Dem.*

Baltimore, Nov. 5.

A bloody affray occurred at the 3d Ward polls, to-day, between Charles James and Frances Connolly. Hard blows were exchanged, when James drew a knife and stabbed Connoly inflicting a frightful wound in his lungs. His wounds will prove fatal.

James ran a few steps up the street and stumbled and fell. When picked up a severe wound was found, in his breast from which he died instantly. His knife was found under him on which he probably fell.

Boston Nov. 5.

There was a large gathering of Free Soilers at Faneuil Hall this evening. J. R. Giddings of Ohio, was the chief speaker.

A distressing casualty occurred this afternoon at Derry, New Hampshire. A young man by the name of Edward Williston, while examining a gun, accidentally shot a companion by the name of John Webster, thro' the head, causing instantaneous death. They were both students of the Derry Academy.

TAPSCOTT & CO'S
General Emigration and Foreign Exchange AGENCY.

NEW-YORK: W. & J. T. Tapscott & Co., 86 South Street.
LIVERPOOL: W. Tapscott & Co., St. George's Buildings.

ARRANGEMENTS FOR 1851.

AS the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are grateful—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—in a great measure—we have to thank a discerning public for their continued patronage.

Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, and commanded by men of long experience.

By the following List of Packets, and their dates of sailing—being six regular packets a month to and from Liverpool—four, to and from London—and two, to and from Glasgow—persons sending for their friends, or those proceeding to the "Old Country," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our business in Liverpool will be under the personal superintendence of our Mr. W. TAPSCOTT—whose well known care and attention to passengers embarking by our Line has won for him his present high reputation among the emigrating public.

LIVERPOOL PACKETS.
SWALLOW-TAIL LINE:
Sail from New York on the 6th and 21st, and from Liverpool on the 6th and 21st of every month.

During the past year our Liverpool House have despatched, in addition to the above extensive list of packets, the following well known ships, and in order to meet the wants of the emigrating public, they will continue to select such other first class vessels as may be required during the year 1851—viz:

THE LONDON LINE OF PACKETS

Persons residing in the United States or Canada, who wish to send for their friends in any part of England, Ireland, Scotland, or Wales, can make necessary arrangements on application to the subscribers, and have them brought out by any of the above favorite lines of packets, or by first class merchant ships, on favorable terms, either by way of Liverpool, London, or Glasgow, and their frequency of sailing precludes the possibility of delay. Passage can also be secured from *Liverpool* to New Orleans, Baltimore, Boston, Charleston, and Savannah, *direct*.

A weekly line of Packets for New Orleans.

Drafts can at all times be obtained at our Office, for large or small amounts, on all the principal places in Ireland, payable at sight, for any amount, from £1 sterling, upwards, without discount or any other charge; also Drafts on Messrs. W. Tapscott & Co., Liverpool, and on Messrs. James Bult, Son & Co., Bankers, London, payable throughout England, Scotland, and Wales.

TO EMIGRANTS FOR THE FAR WEST.

Having the most extended arrangements for conveying passengers from New York to the Far West, of any House in the Trade, we are enabled to offer them any mode of conveyance, whether Railroad, Canal, or Steamboat, at prices as low as are usually paid for the worst possible conveyance, and with a certainty of their not being subjected to any delay or imposition on the route. Pamphlets with full descriptions of all the routes, with rates of fare for any place on the American continent—including California—can be had gratis. Every information given on application, either personally or by letter, addressed to

JOHN DWIGHT & CO'S SODA SALÆRATUS

MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water-st.

The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.

Also may be found, John Dwight & Co's

Washing & Cleansing Powders,

which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works leaving the iron perfectly dry, and not liable to rust.

Directions for use are printed on each package.

CRANE'S PATENT SOAP took the First Premium at the State Fair at Janesville; also at the State Fair of the State of New York, and at the Great Fair of the American Institute. Of course it did, because it is the BEST Soap in use. If any are still skeptical, let them read the following—the names to which might be indefinitely extended—and then try it for themselves, and if it don't succeed, they don't follow the directions:—

"We have used Crane's Patent Soap in our families for the past eight months, and pronounce it fully equal to its recommendations. We do not discover that it injures clothing in the least. It is the cheapest soap in use. We should not willingly do without it.

Office 185 East Water Street.

Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, with nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2900 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

STOVES,

GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
Double Oven Cooking Stove,
(*Which received the First Premium at the State Fair, lately held at Janesville,*)

Possesses great advantages over every other stove, for plainness and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly polished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of any articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

TAKE NOTICE!
PATENT
BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "BUG PROOF." For these reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used!

In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massillon, O.; Neil House, American House, Capital House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer count, N. Y., New York, Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. F. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1.25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common-sense public.

MILLARD, HOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects, to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others, consists in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cheapness it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be a mournful truth. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so speedily and completely as Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla.

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow dock and Sarsaparilla is a sure remedy for Hereditary taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Dr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case. A very respectable gentleman informed me that his daughter was troubled with deficient menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and other without receiving the slightest benefit. He had one daughter die from the same cause.

J. B. TUCK & Co.

HINMANSVILLE, Oswego Co., May, 1848.

E. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, &c., and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.

Yours, very respectfully, N. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after the disease is removed. Cures are not chronicled until time has fully tested that there can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S. F. Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for four months without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible cangrenous ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment, he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles, he could walk out. He used in all twelve bottles during the year '48, and by October last he was perfectly restored; every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.

Respectfully, JAMES RUSSELL.

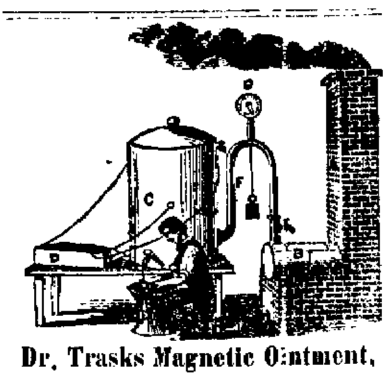
PATENT MEDICINES,



Dr. Trasks Magnetic Ointment,

CAN now be obtained in this city of S. JOHNSON, Jr. and H. Bosworth & Sons, and of one or more Druggists or Merchants in most of the cities or villages of the West. The great and increasing popularity of this remedy is mainly attributable to its controlling power over acute inflammation and nervous irritation. From the best of evidence in our possession, from Physicians of the best standing, who have prescribed it, and from others who have been healed by it, we are satisfied that it will cure in some cases where no other known remedy will do it. This it has appeared to do in numerous cases of Chronic Sore Eyes and partial blindness, where the most eminent medical treatment had failed! For inflammatory Rheumatism, Burns, Freezes, Ulcerated sores, Scald head, or for relief from a sudden stoppage of the pores of the skin by colds or fevers, a thorough trial will establish its claims to the confidence of the public. Our agents are supplied with circulars containing interesting details of its happy effects in many extreme cases.

☞ The attention of Physicians is respectfully called to a rigid scrutiny of the merits of this article.

TO THE PUBLIC.

THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Ryers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined (seventeen years since) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidentially appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceded his, have been cast aside as unworthy of the slightest notice?" The it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and a nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting in administering his mixtures without charge, to patients pronounced incurable; and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce out of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.

Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla. Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of any medicine?

Louisville, May 20, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

Testimony Like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville, Medical College.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

L. P. YANDALL, M. D.

Louisville, June 6, 1848.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

JAMES M. MOORE, M. D.

Winchester, Ky., Feb. 1, 1848.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

JOY TO THE BED-RIDDEN.

A VALUABLE DISCOVERY
FOR THE
INSTANT CURE OF PAIN.

RADWAY'S
READY RELIEF,

CURES THE WORST DISEASES IN MINUTES AND HOURS, AND STOPS THE MOST CRUEL PANGS IN SECONDS.

So quick and efficient is Radway's Ready Relief in stopping pain and curing diseases, that it has frequently raised the diseased and hopeless invalid from a bed of sickness in a few hours. It has cured the worst pains of

RHEUMATISM,	In four hours,
NEURALGIA,	In twenty minutes
TIC DOLOREUX,	In ten minutes.
TOOTH-ACHE,	In three seconds.
SICK HEAD-ACHE,	In three seconds.
NERVOUS HEAD-ACHE,	In fifteen minutes.
SOUR STOMACH,	In five minutes.
HEART-BURN,	In five minutes.
BOWEL COMPLAINTS,	In thirty-five minutes.
CRAMPS and SPRAINS,	In twenty-five minutes.
DIARRHEA,	In one hour.
INFLAMATION of the BOWELS	In thirty minutes.
LOCAL INFLAMATIONS	In ten minutes.
INFLUENZA,	In twelve hours.
HOARSENESS,	In ten hours.

Special complaints, swellings, bruises, sores, wounds, &c. it will relieve ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER PAIN TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen.

IT IS BETTER THAN ALL OTHER REMEDIES.

HERE IS THE PROOF!

There is no other remedy that claims to subdue the cruel pangs of pain in seconds, minutes, or even hours. They require the patient to use dose after dose before a favorable change is promised. Not so with RADWAY'S READY RELIEF. Its effects are instantaneous; the first dose that is taken, or the first external application, commences its great work of relief from pain.

SICK HEADACHE CURED IN 20 MINUTES.

Radway's Ready Relief has cured over 90,000 cases of Sick and Nervous Headache during the past season. In the Western States where this distressing complaint is so general, Radway's Ready Relief has cured every case where it has been applied. Our agent at Romeo, Michigan, writes, "Out of our Village of 1000 inhabitants, Radway's Ready Relief has cured 750 persons of Sick and Nervous Headaches, Weakness, Fainting Spells—curing many of the worst cases in the incredible short time of 15 minutes. It is now surpassing every kind of Medicine we have here, in arresting pain and curing diseases of Nervous, Rheumatic, and of Billious type."

LADIES BEDSIDE COMPANION.

Radway's Ready Relief, from its universal applicability for all Pains, Aches, and Complaints incident to this country, writes our agent at Rockford, Ill., is looked upon as a Godsend. "Our ladies will not even go to bed unless they have a bottle of Ready Relief within their reach; and our men will not venture out of their dwellings without a bottle of this safeguard in their pockets. It cures all Pains and all Aches; Headache, Faceache, Toothache, Backache, Earache, Stomachache, Pain in the Limbs, in the Joints, the Muscles, the Legs, Feet, Arms, Shoulders—wherever and whatever the pain may be, it is instantly subdued by the use, either internally or externally, of Radway's Ready Relief.

RHEUMATISM CURED IN 20 MINUTES.

It has cured Mr. T. Freely, of 679 Water-st., who was confined to his bed for nine months, who tried every Liniment, Sarsaparilla, Life Balsam of any popularity, without one hour's relief. Radway's Ready Relief stopped all the pain in twenty minutes. Mr. Freely is now in good health. It cured a lady at Clifton, Va., so writes Ray Jones of that place, "in two hours, of Chronic Rheumatism." It cured a gentleman from Sing Sing, who had the Rheumatism for Six Years, in twenty-four hours,—so says the Hudson River Chronicle, published in that place. If there is a person in this city, now suffering with Rheumatism, Neuralgia, Nervous, Tic Doloreux, who has tried all other remedies, have used, and has not been cured, we invite you to call upon us at our office, 162 Fulton St., N. Y., and we will warrant you a speedy cure.

WEAK AND ENFEEBLED VICTIMS OF NEURALGIA.

Radway's Ready Relief possesses a far more potent power over this class of diseases, than Morphine, Quinine, Strychnine, or any other Nervine in use. It stops the pain quicker, is free from all poisonous or debilitating properties. It is entirely vegetable, and as innocent as the new-born babe. More powerful than all the Nervous Antidotes, mixtures of Sarsaparilla, &c., in use. Its first action is to blunt the acute sensibility of the nerves—to give strength, vigor and action to the nervous energy; to invigorate the functions and secretions of every organ in the system to a free and healthy action; to give a quickened action to the liver and tone to the stomach; to regulate the action of the bowels and secretions of the skin, and carry out of the system all morbid, poisonous and refuse humors; to give health to the body, to strengthen the nervous energy of the whole system; to change the weak, enfeebled, worn out, broken down constitution to a healthy, robust, joyful, strong and hearty being. A teaspoonful of Radway's Ready Relief, taken internally three times per day, and by applying it externally when pain is present, will do all this.

MARRIED LADIES

should make use of Radway's Ready Relief as a bath. Its invigorating and relaxing properties soften the flesh, gives strength, elasticity and suppleness to the joints and limbs. Moreover, it is a powerful regulator of the secretions and functions of every organ in the system. Married ladies, by bathing every night with Radway's Ready Relief, at a particular period, will avoid much of the pain attending them on certain occasions.

COUGHS AND COLDS.

Radway's Ready Relief will instantly stop the most troublesome Cough. It has cured hoarseness time and again, in a few hours. Taken internally, it enables the patient to expectorate freely, removes all inflamation, swelling and irritation of Bronchial organs, and by bathing externally, the neck, throat and chest, it produces a quicker action to the skin, the patient perspires freely, it removes the pain from the throat and gives strength to the lungs.

ERUPTIONS OF THE SKIN.

By adding a table spoonful of Relief to a tablespoonful of Olive Oil, it will stop the most painful itching of the skin in a few minutes, and entirely cures Salt Rheum, Ring Worm, Itch, Burns, Sores, Scalds, &c.

ELEGANT TOILET REQUISITES.

To Enhance and Embellish the Charms of Beauty.

RADWAY'S MEDICATED SOAP.

Radway's Medicated Soap, so favorably known through the fashionable world for its extremely bland, purifying and soothing effects on the skin; while by its action on the pores and the minute secretory vessels it expels all impurities from the surface, allays every tendency to inflammation, and effectually dissipates all redness, tan, pimples, spots, freckles, discoloration and other cutaneous eruptions. The radiant bloom it imparts to the cheek, the softness and delicacy which it induces of the hands and arms, its capability of soothing irritation and removing cutaneous defects, render it indispensable to every toilet.

Gentlemen after shaving will find it allays all irritation and tenderness of the skin, and renders it soft, smooth and pleasant.

THE CONSTANT USE OF PHYSIC FOR THE ABOVE-NAMED COMPLAINTS, IS INJUDICIOUS AND DANGEROUS:

This any Physician will tell you—The more physic used, the more it requires—at last the tone and action of the bowels are destroyed, and the patient becomes afflicted with numerous kinds of nervous disorders.

The Genuine Dr. Townsend's Sarsaparilla, has never failed in a single instance of curing the Piles and Costiveness, which to Females, is the great cause of those complaints which consume their strength, waste their Nervous energy, and enfeeble the whole Constitution. PATENT MEDICINES.

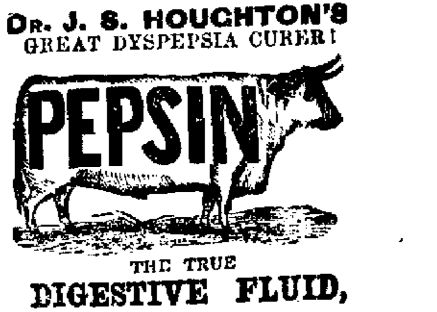
Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

Dr. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!



THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful.

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. Houghton's PEPSIN has produced the most marvelous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine Pepsin bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance they are all we recommend them to be. Maryland Election.

Our despatches this morning from Baltimore bring later returns of the election in the city, though they are not yet complete. They are enough to show that the whole democratic delegate ticket is elected by 1200 to 1500. All the democratic city candidates are elected by majorities varying from 500 to 2,500.

The Democratic Comptroller has not over 500, while the Democratic Lottery Commissioner and Commissioner of the Land Office has nearly 3000 and are doubtless elected. 24 delegates to the Legislature of whom 21 are Democrats, and 3 Whigs are elected, being a gain of 12 thus far. The House however is still considered doubtful. The Senate is Whig some 10 Whigs and 4 Democrats hold over.

The meeting of the National Democrats last night at Faneuil Hall was very well attended.—John W. James presided, and speeches were made by Mr. Taylor of R. I., and others.

The famous Florida scheme for a Planters' association, to control the sales and prices of cotton, met with but little favor from the delegates. The Temperance ticket damaged the Whigs by subtracting from the Whig strength, in some cases to throw away votes, and in others, by voting the Democratic ticket directly.

The Democratic majority on the State ticket is about 1,000; they have also elected Mr. McMurray to the Senate from the Third district.

The Whigs have elected Messrs Beekman, Newcomb, and Morgan, from the Fourth, Fifth and Sixth Districts. The Democrats have elected Mr. Dyckeman over Anderson, Whig, for Register; and there are probabilities of electing Tillou in place of Talmadge, as Recorder; also of the entire Democratic ticket.

WILLIAMSBURGH ELECTION.—A. J. Berry, Democrat, is elected Mayor over Mr. Houghton, by a majority of 171.

For Common Council the law and order ticket prevails—in the two first districts being a selection of two from each ticket.

In the Third District, the whole Democratic ticket is elected except Assessor. In the two former Districts, the law and order nominations for City officers, except the Mayor, being a selection from each ticket, is also said to have been successful.

The Whigs will have the Common Council, by two majority.

Vanderbilt, Democrat for Senator, is supposed elected by 2000 majority.

King's county—Vote of Brooklyn and Bushwick—Whig State ticket, averages from 300 to 600 majority.

Richmond county—Whig State ticket averages 260 majority.

Mississippi Election.

Jackson, Miss., 4.

The Election in this State is progressing with much spirit. The Union men are highly elated with their prospective success, and in almost every District they are polling an immense vote.

Gen. Foote, for Governor, is sweeping everything before him, and it is confidently predicted he will carry the State by over 20,000 majority. In the First Dist. for Congress, D. B. Nabors; in the Third, John D. Freeman, and the Fourth, A. B. Dawson—all Union men, and will undoubtedly be elected by handsome majorities. In the Third District however, McWillie, secessionist, is polling a very heavy vote.

From the San Francisco Herald.

Nicaragua.

There have been some political disturbances in the State, and the whole country appears to be in a state of revolution.

We have received the first number of the first newspaper ever published in the English language in Central America. It is called the "American Flag," and is edited by an "association of gentlemen." It is dated Granada, Central America, July 26, 1851. We proceed to take some extracts from it:

"There are, we suppose, some, some 300 or more Americans and other foreigners at present residing in the State of Nicaragua. Most of them are engaged in business, commercial or agricultural.—Their number will be greatly increased in a few months.

There is not a saw-mill in operation by water power in Nicaragua. Suitable locations for mill seats may be found on the San Juan, with timber in the greatest abundance near by. Lumber commands a good price here, and a large quantity will soon be required. A chance for speculation certainly.

The Flag says that Granada is a city of about 15000 inhabitants, the larger portion of whom are children; and contains several churches and colleges.

San Juan del Norte is represented as a thriving place.

The Flag says that the constitution of Nicaragua is very liberal towards foreigners, and says the people are kind and hospitable. The government consists of a Supreme Director, elected by the people bi-annually, and the Legislative Chambers, consisting of a Senate and house of Representatives—the former elected for two years, the latter for one. The Senate is composed of eight members, and the House, of ten.

Leon is the capital of the State, where the principal officers reside. The cabinet now consists of the following persons:

Don Jose Laureano Pineda, Supreme Director; Don Francisco Castellon, Secretary of Foreign Affairs; Dr. Jesus de la Roche, Secretary of Finance; Col. Francise Dias, Zapata, Secretary of War.

Nicaragua is divided into five departments—Leon, Rivas, Granada, New Segovia, and Matagalpa. The Supreme Director is a citizen of Rivas, and is represented to be a gentleman of great energy of character, warm and generous and high moral worth. Much good is expected of his administration. The Secretary of Foreign affairs is the accomplished minister, who formerly represented his government at the courts of London and Brussels. The other members of the Cabinet are spoken of as liberal and intelligent statesmen.

Scarcely had the Flag given all this information before the above named, no doubt very worthy gentlemen, were forcibly ejected from office.

The American citizens of Granada celebrated the 4th of July with great spirit and enthusiasm. A salute was fired, and a dinner eaten, at which about thirty citizens of the country were guests.

A number of volunteer speeches, says the flag, were given on the occasion, "the Nicaraguans participating largely and enjoying to its full extent the spirit of American liberty, which on that day found an echo in the central regions of the continent. The festivity was kept up with the utmost hilarity until half past eleven, P. M."

Hon. John B. Kerr, U. S. Charge des Affairs, arrived in Granada, on the 9th of July, and was most warmly received by his countrymen, and the authorities of the city.

INSTANCE OF PERSONAL LIABILITY.—Our readers may have seen in late foreign intelligence, notice of the failure of the Monmouthshire and Glamorganshire Joint Stock Bank. It turns out to be a very bad affair. Its original capital of $1,000,000 is all gone, and some $2,500,000 will have to be raised by the shareholders—every one of whom, to the number of 272, is personally liable to the full extent of his property—to meet further liabilities. This failure gives some of the newspapers there the pretext for preaching up the "evil effect of the law of liability;" and they predict that Parliament will make the subject a matter of discussion at its next session.

Among the shareholders who are liable in the present instance, to the amount of all they possess, are said to be Dr. Ullathorne, the Roman Catholic Bishop of Clifton, and Cardinal wiseman. It is understood, sold his shares about eight months ago, but in such cases the legal liability upon them does not cease until after the expiration of a year.

Important from Utah Territory—Strange proceedings of Governor Young—The mail from the Salt Lake arrived at Independence, Missouri on the 30th of October.

B. O. Harris Secretary of Utah Territory; O. K. Brandenburg, Chief Justice; P. E. Brocchus, Associate; H. R. Day, Indian Agent; and Messrs. Sillen and Young, are expected to arrive here soon, they having been forced to leave the Territory in consequence of the seditious sentiments of Brigham Young, the Gov.

The twenty thousand dollars appropriated by Congress had been squandered by Young, who had also made an attempt to take $24,000 from the Secretary. The Secretary refused to comply with the Governor's requisition, in which course he was afterwards sustained by an injunction from the Court.

AVOIDING CHAGRES.—The New York Commercial Advertiser understands that the next steamer of the U. S. Mail Steamship Company, hence for the Isthmus, will avoid Chagres, and proceed direct to Navy Bay, the Panama railroad being completed, and cars running by steam from that point to Gatune. This will be a great relief to persons bound for California. A viler hole than Chagres cannot be found on the Continent.—*Alb. Register*

AGENCY.

NEW-YORK: W. & J. T. Tapscott & Co., 86 SOUTH STREET.
LIVERPOOL: W. Tapscott & Co., ST. GEORGE'S BUILDINGS.

ARRANGEMENTS FOR 1851.

AS the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are grateful—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—in a great measure—we have to thank a discerning public for their continued patronage.

Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, and commanded by men of long experience.

By the following List of Packets, and their dates of sailing—being six regular packets a month to and from Liverpool—four, to and from London—and two, to and from Glasgow—persons sending for their friends, or those proceeding to the "OLD Country," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our business in *Liverpool* will be under the personal superintendence of our Mr. W. TAPSCOTT—whose well known care and attention to passengers embarking by our line has won for him his present high reputation among the emigrating public.

GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the Foundry business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST

Double Oven Cooking Stove,

(*Which received the First Premium at the State Fair, lately held at Janesville,*)

Possesses great advantages over every other stove, for plainness and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire backs—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

PATENT

BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "BUG PROOF." For these reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used.

In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW!

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massillon, O.; Neil House, American House, Capital House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer county, N. Y., New York, Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. F. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1.25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common sense public.

MILLARD, HOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects, to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others, consists in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cheapness it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.
